

## APPLICANT DECLARATION FORM

### Purpose

To enhance the recruitment and health and safety systems to ensure all employees are placed in suitable employment by matching their assigned duties with their capacity.

### Scope

An applicant is required to undergo a Pre-Employment Screening (PES) when the advertised position has a physical labour or manual handling component (estimated at  $\geq 10\%$  of the working day).

A Functional Capacity Evaluation (FCE) is an assessment which may be used during the Return to Work/Rehabilitation process to design a RTW Plan consistent with an employee's physical capacity. The FCE does **not** usually involve Visual Acuity and Audiometric assessment.

### Background

Pre-employment screening and functional capacity evaluations are used to ensure employees are placed in positions within their physical capacity, and applicants are able to perform the inherent requirements of a task.

### Document Review

This document is subject to review and, where necessary, updated biennially or more frequently should changes in plant, equipment, or work practices dictate.

Document reviews will be undertaken by the Risk Management and Health and Safety Unit and adopted by the Occupational Health and Safety Committee.

### Pre-Employment Screening

Prior to an offer of employment being made, it may be necessary for an applicant(s) to undertake a pre-employment screening (PES) or functional assessment. A PES is required when a position has a physical labour or manual handling component (estimated at  $\geq 10\%$  of their working day, or whenever the role requires heavy manual handling below that estimation). Visual Acuity and Audiometric assessments may also form part of the PES.

The inherent physical requirements of such positions have been assessed by an Occupational Therapist and documented in a Task Analysis. The Task Analysis will determine whether this assessment is required.

The purpose of the pre-employment screening assessment is to determine an applicant's ability to undertake the position's inherent physical requirements and what modifications, if any, would be required to enable that person to undertake the job safely. Failure to meet one or more of the inherent physical requirements of a position does not automatically preclude an applicant from being offered a job.

### Task Analysis

If you cannot find a Task Analysis for the vacant position and you believe the role warrants a Task analysis, please contact a Health & Safety Consultant (x 5276) prior to advertising the position. Allow at least one week for a Task Analysis to be completed.

## APPLICANT DECLARATION FORM

### Functional Capacity Evaluation (FCE)

A Functional Capacity Evaluation is an assessment which may be used during the Return to Work/Rehabilitation process to design a RTW Plan consistent with an employee's physical capacity. The FCE does **not** usually involve Visual Acuity and Audiometric assessment.

**The referral process and documentation is the same for both PES and FCE.** (See Flowchart)

**The specialist providers we use to carry out PES and FCE assessments are:**

#### **Sonic HealthPlus.**

Address: 161 – 163 Princes Highway (Corner Jones Road), Dandenong 3175

Contact Number: 03 9213 2800

Fax: 03 9793 0243

Email: [Dandenong@sonichealthplus.com.au](mailto:Dandenong@sonichealthplus.com.au)

Hours: Mon - Fri: 8:00am – 4:00pm

**Please Note:** If you are asked for 'client' or 'client ID' please state "City of Greater Dandenong" and ID: 17066

You will be asked what assessment is required. You will need to request;

1. Musculoskeletal Assessment for the physical requirements of the role
2. Visual Acuity (for School Crossing Supervisors only)
3. Audiometric Test (for roles requiring hearing protection – as indicated on the Task Analysis)

**Please note: you will need to provide an email address so the report to be returned to you upon completion.**

**Important Note:** As the Manager, **you** choose the provider you wish to use and organise the functional assessments by using the above contacts. People & Procurement Department will meet the associated costs. Please ensure you provide;

- The provider with the applicant/employee with a Position Description including Task Analysis Physical Requirements Matrix via email above.
- The Applicant Medical Questionnaire and Applicant Declaration Form for completion prior to the assessment (the declaration form and questionnaire is available at the back of this document, or in the links of this Webstar section).

**No offer of employment is to be made until the results of the functional assessment have been returned to you.**

### **Prior to Recruitment**

When advertising a position, a current Position Description must be made available to all applicants.

If the advertised position has a physical labour or manual handling component (estimated at  $\geq 10\%$  of their working day), the Physical Requirements Matrix must be attached to the Position Description. This matrix is found within the Task Analysis for this role.

## APPLICANT DECLARATION FORM

The matrix outlines the physical requirements of the job as well as the frequency of the tasks performed. It is this matrix which the provider uses to design an appropriate test and assess the applicant(s) capability to perform the inherent physical requirements of the job.

### **At Interview**

Check the person's application. If they did not apply online via PageUp, they will need to complete an Applicant Declaration form at the time of interview. Return the completed form to Organisational Development.

Inform each applicant that, as part of our normal selection process, they may be required to undergo a functional assessment and that the assessment would be conducted at Sonic HealthPlus in Dandenong.

### **Following interview**

Once you have determined the preferred applicant(s):

- advise the applicant of the need to attend for a functional assessment;
- select the preferred provider (Sonic HealthPlus) and
- arrange a mutually convenient assessment time and venue with the provider.

### **Following the Functional Assessment**

The completed assessment report will be emailed to the organiser of the Functional Assessment or the Health & Safety or Return to Work (RTW) Consultant in the People & Procurement Services Department. The Health & Safety or RTW Consultant will review the report and inform you of the results, and if there are any concerns, discuss these with you. As far as practicable, this will occur the same day as the advice is received from the selected provider.

The Health & Safety or RTW Consultant will then forward you an emailed copy of this report. Please include this report with other paperwork you return to Organisational Development at the conclusion of the recruitment process, so that it may be filed in Objective.

**Further information:** Contact the Health & Safety Consultant on 8571 5276

---

☐ **No/Require Assistance**

### Diversity Management

Greater Dandenong City Council commits to removing barriers to employment, to maximising employment prospects and opportunities for everyone and to providing a safe and healthy workplace.

The information collected in this section is confidential and will be used to improve our management practices, your experience during the recruitment process and to minimise risks to the health, safety and wellbeing of applicants and employees.

*Please tick one of the following*

☐ **I have the following known pre-existing physical or psychological conditions that could prevent me from carrying out the inherent (necessary) requirements of this role. These can be obtained from the Role Statement.**

☐ **I am not aware of, or have no known pre-existing physical or psychological conditions that would prevent me from carrying out the inherent (necessary) requirements of this role.**

↓  
**Please provide details**

*\*Information is collected in accordance with the Workplace Injury, Rehabilitation & Compensation Act 2013 (and previous Acts) which requires disclosure of any pre-existing injuries or diseases that you have or that you continue to have, of which you are aware and/or could reasonably be expected to foresee, and which could be affected by the nature of the proposed employment.*

## APPLICANT DECLARATION FORM

Do you require any reasonable adjustments (environmental or organisational) to be made in order to participate in the recruitment process, or to perform the necessary requirements of this role?

☐ Yes

☐ No

**If yes, what support or adjustment is required by you to participate in the recruitment process or to perform the inherent (necessary) requirements of the role?**

### Communications

Please advise your preferred method of communication

☐ Email (our standard method)

☐ Phone Call

☐ SMS

☐ National Relay Service

☐ Mail

☐ Other (please indicate)

### Checks and Testing

During the recruitment process, we may need to undertake various checks (such as Police Record Checks, Working with Children Checks and/or Referee Checks) or ask that you participate in other testing (such as psychometric or work preference tests, work simulations or functional capacity\* testing). A privacy statement is available from our website [jobs.greaterdandenong.com](http://jobs.greaterdandenong.com) or upon request by calling 8571 5136.

We recommend you call or email the contact person named in the job advertisement to discuss queries or concerns you have about the role, these tests or the recruitment process before signing the declaration below.

***I have read the Role Statement and agree to undertake all appropriate checks and tests as may be required*** ☐ Yes ☐ No

*\* A functional capacity assessment is carried out when a role requires a reasonable amount of physical activity (greater than or equal to 10% of the working day) and/or visual or audio acuity requirements. The purpose is to assess an applicant's ability to carry out the necessary physical requirements of the role and/or what modifications would be required to enable that person to undertake the job. The test is undertaken by a qualified allied health professional. The Inherent Physical Requirements Matrix will be attached to the Role Statement if relevant.*
